WELCOME

We're excited to be bringing The Music Run back to Singapore in 2025!

And we're pumped to partner with the Professional Triathletes Organisation so the Music Run can come alive as part of the Singapore T100 weekend. This year we're basing the event at the awesome F1 Pit Building, starting and finishing the run on the famous Formula 1 track.

Get ready to embark on a 5km run filled with tunes and energy, before returning to the main stage for the ultimate finish line party with our international entertainment squad, including Sam Withers, Jesse Lawrence and Black Murphy. The location under the vista of the Singapore Flyer and city skyline is sure to motivate you to run and dance.

Let's make this event one to remember. See you there on Saturday, 5 April!
